

Diameter Tape

Application

- 6' tape for quickly finding the outside diameter of any cylindrical object

Features

- Converts circumference to O.D. at the measured point
- ABS case

Part

DDT1

Screw Pitch Gauge

Application

- Used to determine threads per inch

Feature

- 30 leaves

Stainless Steel

Part

TPG

Safety Tag

Application

- Dixon® strongly recommends the use of a safety tag or warning label on all hose assemblies

Feature

- Sold in quantities of 100 only

Length

5"

Width

2-3/8"

Part

DWL100

WARNING!!

- Air, steam, gas, and liquids under pressure are potentially dangerous. Failure to follow proper procedures can result in serious injury or death to personnel as well as substantial damage to property or equipment.
- Assemblies should be periodically inspected and pressure tested.
- Worn-out hoses and fittings should be replaced.
- Loose clamps can be dangerous. Bolt-type clamps must be retightened regularly.
- Retaining devices such as clips, chains, or cables should be used.

WARNING: Misuse of this product can cause serious injury or even death.

WARNING: Pressurized steam is an extremely dangerous commodity. Only hose, fittings, clamps, and accessory items that have been tested and approved by Dixon for use with Dixon products for steam service should ever be used. Never use an unapproved item for steam service. Always follow the manufacturer's product recommendations for pressurized steam handling.

WARNING: For safety reasons, due to differences in dimensions and tolerances, do not interchange other manufacturer's products with Dixon products.

WARNING: Worn-out hose couplings can be dangerous. Coupling users should be trained in proper use, application, and the use of safety devices where indicated. Training should also include how to inspect for wear, so couplings are replaced when needed.
